

LAKE FOREST

your best choice

Dear Parents and Guardians of Lake Forest School District bus riders:

Lake Forest School District buses are now equipped with GPS technology that may benefit your household. The WheresTheBus™ parent app lets you know precisely when your child's bus will arrive at your bus stop. This app is free to all LFSD bus-riding households. The system also helps the Transportation Department efficiently manage our bus fleet.

To receive the WheresTheBus app, you can download the WheresTheBus app from any internet enabled device (smartphone, tablet, PC, iPod). Apple iOS and Android apps are available. Once you download the app you will enter your child's student ID number and birth date.

Additional information on the WheresTheBus™ parent app is included below. I encourage you to try this exciting new technology, as we continually strive to provide you with the best possible transportation service.

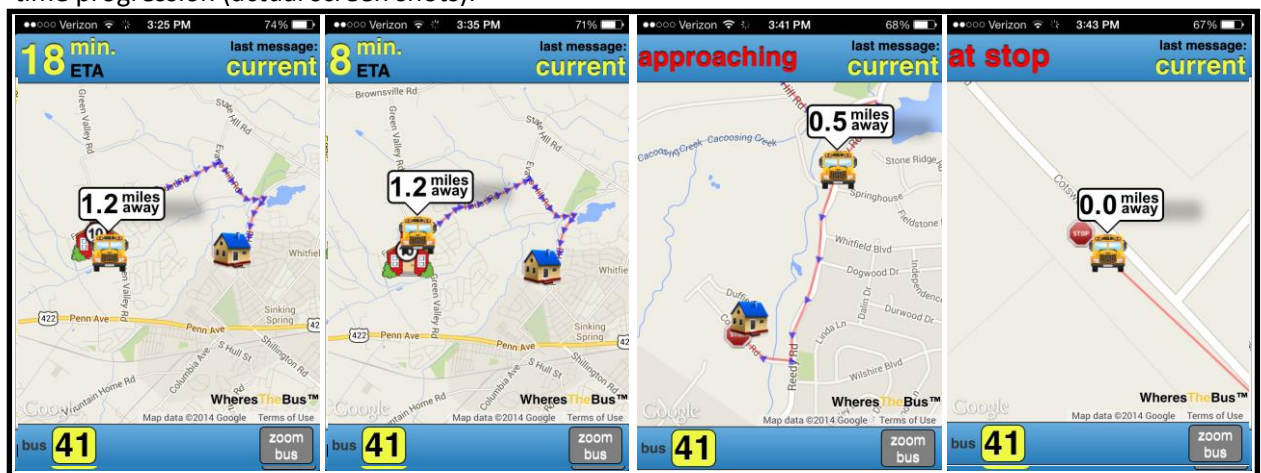

Sincerely,

Dustin Weller
Lake Forest School District Transportation Supervisor

WheresTheBus™ lets you know precisely when your bus will arrive at your bus stop, providing up-to-the-minute arrival time and bus location information.

- Access WheresTheBus™ from any Internet enabled device (smartphone, tablet, PC, iPod).
- Apple iOS and Android apps are available.
- Avoid the weather and wait for the bus in the comfort of your own home.
- Eliminate the stress of rushing to the bus stop and wondering where the bus is.

Parent APP time progression (actual screen shots):

The WheresTheBus APP is free to LFSD households, simple, and takes less than 5 minutes to sign up. To sign up:

1. Download the WheresTheBus app from the App Store (iOS / Apple) or Google Play (Android).
2. After logging in using your child's student ID number and date of birth, you can access your student's bus arrival information with one touch of the app.
